

Technology and Library Media Council

ACES believes that quality partnerships are essential for the success of our schools. We are committed to supporting strong, regional networking opportunities for our districts.

ACES facilitates a regional technology and library media council that meets quarterly for district leaders, team leaders, department heads, and content-area teachers. The council provides opportunities for:

- Exploring best practices
- Interdistrict collaboration on common problems of practice
- Interfacing with CSDE representatives
- Networking
- Professional learning

SUBGROUPS INCLUDE:

- PowerSchool users group
- Google users group
- Library media users group
- Webmasters users group
