The ACES Education Foundation helps ACES help children. It does this by supporting special programs at our schools – such as those mentioned above – which, without Foundation support, would remain unfunded. The Foundation drives ACES entrepreneurial spirit and helps ACES respond to urgent needs and emerging opportunities to provide enrichment for children in ACES schools.

If you would like to make a contribution to the ACES Education Foundation, there are many ways to give in addition to straightforward financial gifts — including memorial gifts, appreciated securities, recognition of special events and event sponsorship.
