ACES Village School Notification of a Positive Case

Dear Parents and Community Members:

On September 13, 2021, Area Cooperative Educational Services was notified that an ACES Village School community member has tested positive for coronavirus (COVID-19). The affected individual has been instructed to remain home in self-isolation for at least 10 days as per the Connecticut Department of Public Health guidelines. In consultation with the Quinnipiac Valley Health Department (QVHD), the family members have also been instructed to self-quarantine and be tested for COVID-19.

Under the local health department's direction, any **UNVACCINATED** person one who is considered a "[close contact](https://portal.ct.gov/-/media/SDE/COVID-19/FallMitigationGuidance.pdf)" with this individual has been or will be contacted by the school, state, or local health officials in the town in which they reside. The state or local health dept. will also provide the family with instructions on the appropriate steps to take. (See <https://portal.ct.gov/-/media/SDE/COVID-19/FallMitigationGuidance.pdf>)

The affected individual was last onsite on September 10, 2021. The quarantine requirements are as follows:

- **FULLY VACCINATED**
 - Students and staff no **do not need to quarantine** regardless of distance as long as they are asymptomatic.
- **UNVACCINATED**
 - The contact tracing identified multiple dates of exposure. Every parent and staff member was given quarantine directions from a school administrator. If you have a question please contact the school.
 - Students and staff who meet specific requirements set by the Connecticut Department of Public Health may return on 8th day after exposure. Families and staff members should contact a school administrator for those requirements

Fully vaccinated individuals are those that are at least 14 days away from their 1st vaccination for the Johnson & Johnson vaccine and their 2nd vaccination for the Moderna/Pfizer vaccine.

Please continue to:

- Wash your hands frequently, but especially after using the restroom and before preparing or consuming food, using soap and hot water wash for about 20 seconds. Be sure also to wash your fingertips. When soap and water are not available, use hand sanitizer.
- Avoid coughing or sneezing into your hands or in the air. Always try to cough or sneeze into a tissue, then throw the tissue away; if you do not have a tissue, cough/sneeze inside the elbow of your arm.
- As much as you can, avoid touching your eyes, mouth, and nose.
- Wear a face covering (mask) whenever there is a likelihood that you or your family members will be in the presence of others.
- Implement distancing to the extent practical as part of a layered mitigation strategy in all areas of the school

Below is the list of COVID-19 symptoms for which everyone should monitor in his or her family members:

- ☐ Fever (100.4° Fahrenheit or higher)
- ☐ Chills or shaking chills
- ☐ Uncontrolled new cough (not due to other known cause, such as a chronic cough)
- ☐ Difficulty breathing or shortness of breath
- ☐ New loss of taste or smell

For additional information on COVID-19 symptoms, please see:
