ACES Whitney North Notification of a Positive Case

Dear Parents and Community Members:

On September 29, 2021, Area Cooperative Educational Services was notified that an ACES ACES Whitney North community member has tested positive for coronavirus (COVID-19). The affected individual has been instructed to remain home in self-isolation for at least 10 days as per the Connecticut Department of Public Health guidelines. In consultation with the Quinnipiack Valley Health Department (QVHD), the family members have also been instructed to self-quarantine and be tested for COVID-19.

The last day the community member was at Whitney North was September 24, 2021.

No students or staff were identified as close contacts, therefore no contact tracing was needed in this case.

Please continue to:

- Wash your hands frequently, but especially after using the restroom and before preparing or consuming food, using soap and hot water wash for about 20 seconds. Be sure also to wash your fingertips. When soap and water are not available, use hand sanitizer.
- Avoid coughing or sneezing into your hands or in the air. Always try to cough or sneeze into a tissue, then throw the tissue away; if you do not have a tissue, cough/sneeze inside the elbow of your arm.
- As much as you can, avoid touching your eyes, mouth, and nose.
- Wear a face covering (mask) whenever there is a likelihood that you or your family members will be in the presence of others.
- Implement distancing to the extent practical as part of a layered mitigation strategy in all areas of the school

Below is the list of COVID-19 symptoms for which everyone should monitor in his or her family members:

- ☐ Fever (100.4° Fahrenheit or higher)
- ☐ Chills or shaking chills
- ☐ Uncontrolled new cough (not due to other known cause, such as a chronic cough)
- ☐ Difficulty breathing or shortness of breath
- ☐ New loss of taste or smell

For additional information on COVID-19 symptoms, please see:
