
ACES INTERNATIONAL SERVICES

Global Development for Schools and Learning Communities

At **ACES International**, we create global opportunities that help bring learning communities together. We foster the development of understanding and mutual respect within communities and between nations by promoting the exchange of ideas and experiences. We help to give students, educators, and aspiring professionals from across the world skills that make them active and responsible global citizens.

WE DO THIS BY:

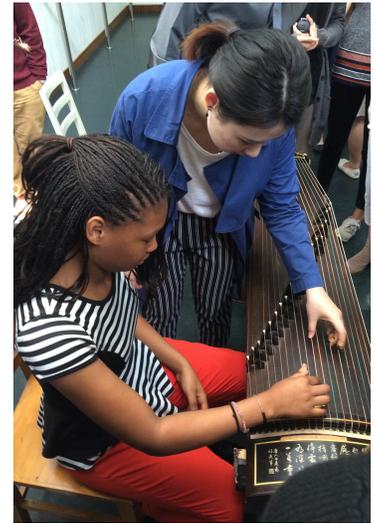

- Offering comprehensive programs and services available.
- Assembling the greatest resources in our partnered countries and the most committed, experienced, and passionate staff in the field.
- Working to ensure that each opportunity and experience informs perspective and expands the horizons of all stakeholders.

SERVICES

Global Understanding

The **ACES International Visiting Scholars Program** provides faculty and administrators with direct access to international school environments with rich academics, intercultural experiences, best practices, innovation and creativity, problem-solving, and enhancement of climate through increased global understandings.

- Attend lectures and seminars
- Shadow professionals in your field
- Visit destinations linked to a school’s academic content
- Share concepts and ideas focused directly on relevance
- Collaborate with international colleagues and organizations to identify solutions to current challenges
- Participate in cultural preparatory programs that deepen your competency and global understanding.

Our Team-led Study and Service Tours for Student Groups and Schools

ACES International facilitates and hosts study tours focused on relevant, real-world experience. Learning communities can internationalize their campus, increase students’ cultural understanding, and make direct connections to an institution’s academic needs and goals. With the lens as educators, we customize safe experiences for classrooms or school wide initiatives.

- International experiences bring a classroom to life. ACES International creates rich custom programs that inspire students, enhance curriculum, fit your schedule and budget, and meets the academic needs of your students.
- Our extensive network of partners and colleagues allow us to provide you with maximum value for your investment, and our commitment to collaboration eliminates pitfalls.

Exchange and Sister School Development

ACES International has the field experience and cultural knowledge to assist a school or organization develop a top-notch and sustainable partnership with schools and colleagues around the world.

With expertise in international education, cultural negotiations, government policy, and education leadership, ACES International facilitates an experience that supports educators and a community to overcome obstacles common in culture and society, curriculum, and costs to forge successful and cooperative experiences for students.

Faculty Teaching Abroad

ACES International facilitates opportunities for educators interested in advancing their experience and career overseas. We coordinate short and long term experiences for teachers and faculty teams that seek classroom or leadership experience abroad. Our partnered hosting organizations provide an interconnected, intercultural development that contributes to professional and cultural growth.

- Better understand best practices around the world.
- Recognize similarities, appreciate differences, and discover commonalities.
- Enjoy a teaching experience at a deeper level.
- Enjoy navigating the local educational system, local culture, and living overseas.
- Experience peers and knowledgeable mentors that deepen your understanding and appreciation of all you see and do.
- Learn intercultural skills that you can apply to any situation in life or employment that require working in diverse workplaces domestically and abroad.

Field Study for Educators

ACES International provides a comprehensive learning tour to professionals in the field. Customized for the educator, this annual experience is focused on a country's educational system, culture, cuisine, arts, and history. It provides real-world relevance for school districts and classrooms as participants bring their experience back to their students and curriculum. The field study is for teachers, administrators, and board members that seek to advance their own growth while ultimately enhancing student achievement and global perspectives in a community.

“It is *our* responsibility to prepare *our* children for *their* world”

- Jason Hiruo, Director
