4. Public Participation/Communications
Ms. Susan Riccio requested that the Board donate to create an auction item for the ACES Foundation’s 20th Annual Gala on March 21, 2024. The ACES Foundation has provided over $1M in grants over the past 20 years to ACES employees and students to embellish and enrich the opportunities our students and clients have from their enrollment or connection to ACES.

Dr. Danehy invited the Board to attend the ACES Business Advisory Council, BAC, 21st Annual Employer Recognition Dinner on May 8, 2024, at Anthony’s Oceanview, New Haven, CT, or advertise its support for our clients in the ACCESS through the evening’s BAC Program Book. The Business Advisory Council sponsors a dinner each year wherein local businesses support the clients at ACCESS and Whitney High School North who work in their various business locations on a regular basis so that, through their employment, special needs community members support our local businesses. The businesses report that they look forward to the presence and work of our special needs clients and students as it makes their day more interesting, gives them a different perspective on life’s challenges, and makes them feel more enriched.

6. Executive Director’s Report
   a. Dr. Danehy introduced our special guest, Cynthia Hudson, Executive in Residence, from the Hamilton County Ohio Service Center in Cincinnati, Ohio. Dr. Hudson will be working side by side with Dr. Danehy and members of the ELC this week as part of the Executive in Residence experiential program wherein candidates for executive directorships throughout the country learn the experiences ED’s face throughout the country. Though our states vary in their configuration of educational service centers,
AESA provides an opportunity for practitioners to learn from one another about how their state's practices may compare and contrast to their own state.

b. ACES Services Updates – Timothy Howes provided an overview of the scope of services that ACES provides to our school districts and others around the state. See the attached PowerPoint to recognize the details associated with that service work.

c. Security Update – Dr. Danehy provided details of the most recent security issues related to a recent fiscal scam it faced.

d. Budget Proposals for 2024-2025 – Olga Simoes provided the details associated with the budget requests for the following departments:
   1. Pupil Services
   2. Clinical Services
   3. Network Services
   4. Educational Technology

7. **Filing of the Fiscal Report (subject to audit)** - Ms. Olga Simoes/Mr. Thomas Van Stone Projections for January 2024 indicate a favorable year-end financial position. The increased revenue for Special Education Schools and Services is noteworthy, contributing to the overall positive outlook. This report includes potential budget fluctuations, with final figures contingent on variables like actual student enrollment at our Special Education Schools and unforeseen circumstances. Our fiscal team is actively finalizing January billing, a crucial step towards obtaining essential financial data for future cash flow projections. Proactive monitoring of cash flow remains paramount to fulfilling ongoing financial obligations. Preliminary assessments reveal a slight surplus, reinforcing our dedication to fiscal responsibility. Acknowledging the dynamic nature of our operations in the education sector, we maintain vigilant and adaptable to changing circumstances. This prognosis involves continuous assessment of staffing needs, thorough processing of encumbrances, and vigilant monitoring of cash flow dynamics. Through these efforts, we remain resolute in our commitment to ensuring ACES's sustained success and stability. The positive year-end projections underscore our dedication to prudent financial management, positioning us well for the challenges and opportunities ahead. While celebrating successes, we acknowledge the deficit challenge within magnet schools, prompting a strategic focus on addressing and mitigating this concern in the coming fiscal year so that we may mitigate fiscal losses while supporting the mission-related work that ACES elects to further.

Mr. Thomas Van Stone motioned to accept the filing of the fiscal report.
Mr. Martin Rudnick seconded.
